Fun and friendship are the cornerstones of the Beaver program. Through an adventurous program of outdoor activities, creative play, music, and cooperative games, Beavers enjoy time with their friends (and meet new ones), learn how to get along within a group, and develop the confidence to be themselves.

Scouts – ages 11 to 14

Enjoy snowmobiling, canoeing, kayaking, extended hikes and lots of camping. These are just a few of the adventures you'll tackle in Scouting.

You'll enjoy your outdoor adventures as part of a team, working together with other young people to accomplish thrilling challenges. And yes, you'll still get to tie knots and build fires. Scouts also help with community service and environmental projects.

Scouting gives every member a chance to be a leader. It might involve running an activity, organizing a camp, or participating with other young people across the NWT or Canada in a youth forum.

Scouts go on 4-5 weekend camps per year plus an annual 5-day snow-machine trip.

Venturers – ages 14 to 17

The Venturer program is about choice and flexibility, while promoting leadership and community involvement. Venturers lets you enjoy Scouting by creating the experience you want – doing the activities you want in the way you want. Adult mentors will help you as you shape your own program and achieve your own goals.

Venturers go on 5-6 overnight trips per year and often help at the camps of younger Scouts.
